floritfran.github.io/portfolio

Full Stack Developer with 5+ years of experience building web and mobile products end to end. I work with Java and Spring Boot on the backend, React and TypeScript on the frontend, and React Native when the product calls for it. I focus on clear APIs, testable code, and reliable deployments.

PROFESSIONAL EXPERIENCE

Darwoft

May 2025 — Present

Full Stack Developer

Client: Claro · **Project:** Interfaces Prepago

Development and maintenance of backend services and a React frontend portal with a microfrontend architecture for a telecommunications client.

- Developed and maintained Java and Spring Boot backend services for a prepaid interfaces project.
- Built and maintained a React frontend portal with a microfrontend architecture, used by customer service teams.
- Contributed to migrating a legacy Oracle Forms solution to React, adding functional and UX improvements.
- Performed code reviews, technical documentation, and task estimation.
- Monitored OpenShift deployments, analyzed errors, and resolved incidents in production and non-production environments.

Technologies: Java · Spring Boot · React · TypeScript · Oracle · SQL · PL/SQL · OpenShift · Jenkins · JUnit · Mockito · Jest · Claude Code

ODEA

Sep 2021 — May 2025

Full Stack Developer

Development of web and mobile applications, with a focus on frontend, backend, and local persistence.

- Developed and implemented web applications with Vue, including UI and business logic.
- Created and maintained REST APIs with Java and Spring Boot.
- Developed mobile applications with React Native and Redux for state management.
- Implemented local persistence with Realm for information that could not be sent to the backend due to connectivity issues.

Technologies: Vue · JavaScript · Java · Spring Boot · REST APIs · React Native · Redux · Realm · PostgreSQL · Scrum

EDUCATION

Universidad de Buenos Aires (UBA)

2018 — 2025

Bachelor's Degree in Systems Analysis

Faculty of Engineering. Graduated.

Cambridge English

First Certificate in English (B2)

B2 level. I continue improving my English with regular classes.

Instituto San Luis

2017

Secondary Education

GPA: 8.25/10

TECHNOLOGIES

Frontend
React · TypeScript · JavaScript · Vue · HTML · CSS · Microfrontends

Backend
Java · Spring Boot · REST APIs · Python · FastAPI

Mobile
React Native · Expo · Redux · Realm · SQLite

Databases
Oracle · PostgreSQL · MySQL · SQL · PL/SQL

DevOps & infrastructure
OpenShift · Jenkins · Docker · GitHub Actions

Testing
JUnit · Mockito · Jest · Testing Library · TDD

Tools & practices
Git · Maven · Claude Code · Spec-Driven Development · Code Review · Documentation · Scrum · OOP

LANGUAGES

Spanish — Native

Native language.

English — B2

First Certificate (B2). I continue improving my English with regular classes.
